

National Imaging Associates Medical Specialty Solutions Utilization Review Matrix 2022

The matrix below contains all of the CPT 4 codes for which National Imaging Associates Inc.¹ manages on behalf of Blue Cross Complete. This matrix is designed to assist in the resolution of claims adjudication and claims questions related to those services authorized by NIA. The “Allowable Billed Groupings” is meant to outline that, if a given procedure is authorized, any one of the listed procedure codes could be submitted on a claim representing that service. This assumes that the member is eligible at the time of the service, appropriate rebundling rules are applied, the claim includes an appropriate diagnosis code for the CPT code and the service is performed within the validity period.

If a family of CPT codes isn’t listed in this matrix, an exact match is required between the authorized CPT code and the billed CPT code. If the exact match doesn’t occur, the charge should be adjudicated accordingly.

*Note: services rendered in an emergency room, observation room, surgery center or hospital inpatient setting aren’t managed by NIA.
