Title: **COVID-19 at-home test kit coverage**

Posting date: **January 24, 2022**

Summary: Blue Cross Complete covers COVID-19 at-home test kits under the pharmacy benefit for eligible members. Information provided in this update:

- **Details for billing COVID-19 at-home test kits**
 - Coverage follows requirements outlined in MSA 21-50. Amendments to coverage may occur under guidance from the Michigan Department of Health and Human Services.
- **Covered COVID-19 at-home test kit product list**
 - Only at-home test kits approved by the U.S. Food & Drug Administration or granted FDA Emergency Use Authorization are covered.
 - List maintained by MDHHS
 - National Drug Code coverage list is subject to change. List current as of 1/12/2022.
- **Additional resources**

Billing for COVID-19 at-home test kits:

Blue Cross Complete members receiving the vaccine will have a \$0 copay.

To receive reimbursement for the administration fee (incentive), pharmacies must submit claims in accordance with MDHHS and NCPDP guidance as outlined below:

- Pharmacies must coordinate benefits by billing other insurances, including Medicare, before billing Medicaid in accordance with MSA Bulletin – Pharmacy 01-03.
- Submission of the (prescriber) NPI when a pharmacist is the ordering provider of a test:
 - Pharmacist's individual Type 1 NPI should be reported in the Prescriber ID (411-DB) field **and**
 - Submission Clarification Code (420-DK): **13** (Payer Recognized Emergency/Disaster Assistance Request) must be included.
- Reimbursement is for ingredient cost only and is established according to MSA Bulletin 21-50 and contractual requirements.
 - Dispensing fee reimbursement is not allowed per MDHHS policy.
 - Refer to the [MDHHS Medicaid Provider Manual](#)* for additional information.
