Title: **COVID-19 Vaccination Status Report available on NaviNet beginning August 11, 2021**

Posting date: **August 9, 2021**

**Summary:** New NaviNet report will provide COVID-19 vaccination status of paneled membership.

Blue Cross Complete is excited to introduce the new **COVID19 Vaccination Eligibility/Overdue Report**, available in NaviNet, **August 11, 2021**. To support providers in readily identifying a member's COVID-19 vaccination status, this user-friendly resource contains:

- Member name, Member ID
- Vaccination status (vaccinated/partially vaccinated/not vaccinated)
- 1st vaccination completed or not (including date, if known)
- 2nd vaccination completed or not (including date, if known)
- Vaccination manufacturer (Pfizer, Moderna, Johnson & Johnson)

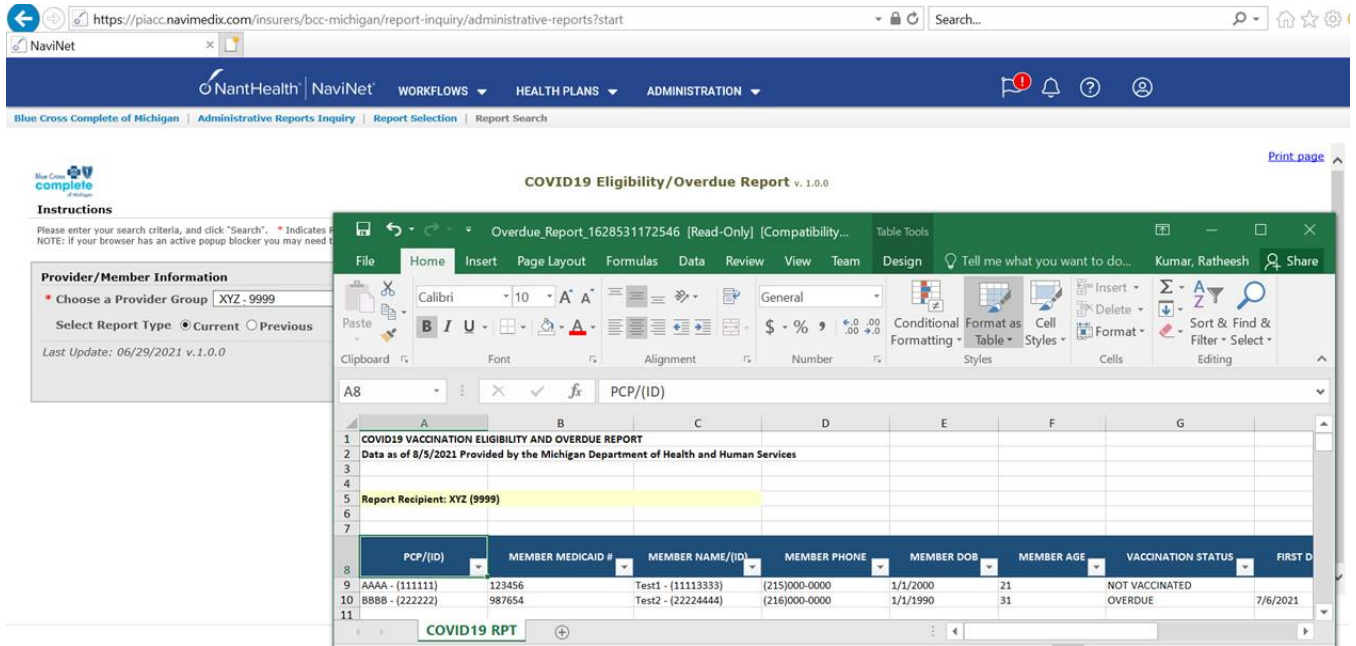

The report will update weekly so you will have up-to-date information regarding the COVID-19 vaccination status of your paneled membership, and helps identify members on your panel to counsel regarding the COVID-19 vaccine.

How can I get to the report?

1. Login to [NaviNet](#)\*. Highlight **Report Inquiry**, then choose **Administrative Reports**.
2. Select **COVID19 Vaccination Eligibility/Overdue Report**.
3. Type in provider group information to view paneled membership.

Many of our members have indicated the desire to have the vaccine administered by a trusted source, such as their existing physicians. **Blue Cross Complete encourages providers who are able to administer the vaccine within their own office settings to do so** and take advantage of increased reimbursement rates for administration from the Michigan Department of Health and Human Services (\$37.85 per dose).

We appreciate your continued support and commitment to the care of our members. If you have questions, please contact your Blue Cross Complete provider account executive or call Provider Inquiry at **1-888-312-5713**.

Instructions  
Please enter your search criteria, and click "Search". \* Indicates NOTE: If your browser has an active popup blocker you may need
