For services that require plan notification or authorization, the provider can contact the utilization management department via:

- Phone: **1-888-312-5713 (press 1, then 4 to request authorization)**
- Fax: **1-888-989-0019**
- [NaviNet provider portal](#)

Blue Cross Complete recommends that providers use the NaviNet provider portal to submit plan notification and authorization requests. Providers are able to upload clinical information (history and physical, pertinent labs and imaging findings) through the portal and view the status of requests they input into in the portal. The required clinical information (history and physical, pertinent labs and imaging findings) can also be called in or faxed to the above numbers.

Please contact the utilization management department with any questions.
