Title: We Treat Hep C: Educational Opportunities for Providers

Posting date: **June 24, 2021**

The Michigan Department of Health and Human Services recently launched the [We Treat Hep C Initiative](#)* to eliminate hepatitis C and improve access to hepatitis C treatment among Michigan Medicaid and Healthy Michigan Plan beneficiaries.

As part of the We Treat Hep C Initiative, Michigan Medicaid removed the prior authorization requirement on the hepatitis C treatment Mavyret®. As a result, all providers with prescriptive authority are now able to prescribe hepatitis C treatment.

To support Michigan's efforts to eliminate hepatitis C, AbbVie is hosting more statewide broadcasts on their hepatitis C medication, Mavyret, and another on caring for women with hepatitis C. Presentations and discussions will be led by Elaine (Leigh) Engelsman, DNP, FNP-BC. The dates, times, and registration links are listed below:

June 30, 2021 - Exploring HCV Treatment in the Rapidly Changing Medicaid Landscape: (12:15 P.M. EST) [Register here](#)

July 22, 2021 - Caring for Women with HCV: (12:15 P.M. EST) [Register here](#)
