

Blue Cross Complete of Michigan LLC is an independent licensee of the Blue Cross and Blue Shield Association.

Referral Guide for Blue Cross Complete Providers

AmeriHealth CaritasSM is a separate company that provides provider performance ratings for referral optimization.

Reporting Period

Chronic Episodes: April 1, 2024 through March 31, 2025

Procedural Episodes: April 1, 2023 through March 31, 2025

Score Key

-  4.0 compasses - Highest performance
-  3.5 compasses - Well above average performance
-  3.0 compasses - Above average performance
-  2.5 compasses - Slightly above average performance

The Referral Guide is organized by episode category, provider specialty, and hospital referral region. Providers with performance above the network average, as compared to peers, and who are participating in the program are indicated by a score of two and a half or more in the Referral Guide. Program-participating specialty providers with scores lower than two and a half are listed in the Referral Guide in alphabetical order but do not have a score indicated.

Specialist providers who do not meet the minimum number of attributed episodes for the episode category associated with their specialty, or who are part of a practice that has opted out of the program, are not listed in the Referral Guide. For a complete list of network specialists, please refer to the online Provider Directory.

Hospital Referral Region Explanation

In-network specialty providers are scored based on their ranked performance against peers meeting the episode category criteria within a hospital referral region (HRR). HRRs are geographic delineations that use zip code area groupings to define unique healthcare market regions.

Episode Categories Explanation

The episode categories used in the program have condition-specific definitions that group the entire range of care used to treat a clinical condition for a specific time period across the continuum of care. The episode categories are defined by PROMETHEUS Analytics® and are used across the health care sector. Episode category descriptions are included in the Program Guide.

Disclaimer: Scoring included in the Referral Guide is subject to change. The Referral Guide is a resource for PCPs who would like to access additional information to make referrals for their patients. Physicians and other health care providers are solely responsible for the treatment decisions for their patients.
