Title: We Treat Hep C: Educational Opportunities for Providers

Posting date: **April 28, 2021**

The Michigan Department of Health and Human Services recently launched the [We Treat Hep C Initiative](#)* to eliminate hepatitis C and improve access to hepatitis C treatment among Michigan Medicaid and Healthy Michigan Plan beneficiaries. As part of the We Treat Hep C Initiative, Michigan Medicaid removed the prior authorization requirement on the hepatitis C treatment Mavyret®. As a result, all providers with prescriptive authority are now able to prescribe hepatitis C treatment.

To support Michigan's efforts to eliminate hepatitis C, AbbVie is hosting statewide broadcasts on their hepatitis C medication, Mavyret, and one general education webinar on the evolving hepatitis C epidemic. Presentations and discussions will be led by Dr. Syed-Mohammed Jafri and Dr. Dilip Moonka. The dates, times, and registration links are listed below:

April 29 – 8 Week Difference: The Shortest Route to a Cure (12:15 P.M. EST) [Register here](#)

April 29 – The Evolving Hepatitis C Epidemic (6:00 P.M. EST) [Register here](#)

April 30 – 8 Week Difference: The Shortest Route to a Cure (12:15 P.M. EST) [Register here](#)
