State offers assistance to those who may have lost health insurance

On October 19, 2020, Governor Gretchen Whitmer announced that the state is investing more than \$1 million and will contact more than one million Michiganders in order to help those who may have lost health insurance during the COVID-19 pandemic to get no- or low-cost coverage.

The funding, available through the U.S. Coronavirus Aid, Relief and Economic Security — or the CARES — Act, is intended to help ensure that uninsured Michiganders have access to local resources for support in evaluating insurance options.

The \$1 million dollar investment will fund:

- Community-based organizations that assist people in enrolling in coverage
- Virtual health insurance educational programs
- An advertising campaign that will target communities affected by COVID-19-related job losses.

Some options for no- or low-cost health insurance coverage include:

- Medicaid
- The Healthy Michigan Plan
- Premium tax credits
- Coverage programs for children
- Cost-sharing reductions.

Open enrollment for the [Health Insurance Marketplace](#)* occurs Nov. 1 to Dec. 15, 2020, with coverage starting Jan. 1, 2021. If Michiganders are eligible for the Healthy Michigan Plan or Medicaid, the Marketplace or [MIBridges](#)* can advise them.

State offers best practice videos to primary care offices

The Michigan Department of Health and Human Services has developed three short videos for providers on the Healthy Michigan Plan health risk assessment and the Healthy Behaviors incentives program.

The videos highlight tips and best practices for primary care offices and provide useful overviews for both providers and members. The video titles include:

- [Completing the Health Risk Assessment](#)*
- [Submitting the Health Risk Assessment](#)*
- [Overview Healthy Behaviors Incentive Program](#)*
